

FORT WAYNE CITY UTILITIES DEVELOPMENT SERVICES

BUILDING SEWER LATERAL INSTALLATION INFORMATION PACKET

NOTE: This packet contains information about building sewer lateral installation and connections and provides basic information about Fort Wayne City Utilities' policies and regulations for connection of a private sanitary sewer service pipe ("lateral") to a Fort Wayne City Utilities public sanitary sewer.

Additional guidance and regulations concerning sanitary sewer connections can be found on the City Utilities website <http://www.cityoffortwayne.org/utilities/utility-rules-and-regulations.html>, <http://www.cityoffortwayne.org/utilities/design-and-construction.html> and in Chapter 51, "Sewers," of the City's Code of Ordinances.
